Val di Sole Cheese

In the cuisine of Val di Sole, cheese plays an absolutely central role. A tasty product of mountain milk, it can be purchased from numerous local producers and at the two dairies in the valley: Cercen in Terzolas and Presanella in Mezzana, where it is also directly processed.

Alongside the flavorful Trentingrana, the variously aged local cheeses, and the fresh ricotta, the Casolét stands out – a true symbol of the Val di Sole tradition.

In the past, this cheese was produced exclusively in autumn, when the cows returned from the alpine pastures and stayed for a while in the farmsteads before going back to the village.

Each family would process its own milk – usually not in large quantities – and produce only small rounds of cheese. The name "Casolét" actually comes from the Latin "caseolus", meaning "small cheese."

Today, with its soft texture and sweet, delicate flavor, Casolét is a real gem of Trentino's cheesemaking tradition, loved by both young and old!

Val di Rabbi in Loc. Pozzatine. Free entry.

This is a sound park created in Pozzatine, in Val di Rabbi. It is a trail to immerse you in the forest, consisting of seven sound and experience stations. The area is located at 1650 metres and can be reached on foot from the car park at Cavallar. The specific feature in the trail is sound, which amplifies the beauty of nature and the woods. Family Park at Daolasa

DAOLASA - Loc. Alpe Daolasa, at the gondola lift arrival, 2000m

The Family Park Daolasa will be open from June 27 to September 13, 2026, offering fun and excitement for the little ones. Situated at 2,000 meters above sea level near Lake Val Mastellina, the park is built using natural materials like wood and features a variety of play structures, including climbing castles, a slide, swings, wooden playhouses, and much more.

The Alpine Marmot Village

PASSO TONALE - Loc. Valbiolo, chairlift arrival, 2250m

The "Villaggio delle Marmotte" is located at the Valbiolo chairlift arrival station (closed for the 2026 summer season). There are five different play areas: a playground, slides, quaint wooden houses and a fun watermill. The park can be easily reached in just a one-and-a-half hour walk.

Pejo Kinderland

PEJO - Loc. Tarlenta, at the gondola lift arrival, 2000 m

It's equipped with characteristic rope swings, an exciting zip line and a long track for wooden marbles. Moreover a fun water path passes through dams, canals and locks to regulate flows, leading to the "vessel" equipped with a climbing wall and a slide. In the middle of the meadow large comfy hammocks to relax.

Le Case Volanti | The Flying Houses

PEJO - from Piani del Vioz to Tarlenta

The trail is suitable for children aged 4 and up and is accessible to the whole family. Imagine a place suspended between earth and sky, where the scent of larch trees meets the magic of fantasy: in Val di Peio, the Flying Houses invite adults and children alike to lift their feet off the ground. Along an enchanted path, protected by legendary guardians like Tarlento and Cembry, Feo and Giperion, every step becomes a game and every suspended little house a secret refuge from which to admire the peaks. It is not just an educational trail, but a sensory journey of about two to three hours where time stands its ground. Here, amidst laughter and the search for the legendary wooden marbles, the forest stops being just a landscape and becomes an unforgettable adventure companion.

Taxi - Car Rental with driver

There isn't a proper taxi service in Val di Sole charging taximeter fares, but it is possible to hire a car with a driver. Fares are calculated on a lump-sum basis depending on distance, route and time. There are no taxi stops and the service is to be asked to and agreed upon with the carriers themselves.
